Post A Photo In The Advertisement Of Iran Zoos With A Limited Number For Free Packages

Simply after the complete registration of the content of the ad, a section at the end of the ad is provided for uploading your photos.

It is recommended to upload your photos with a size of 1200 by 700 pixels.

Low quality images can help a lot to be displayed in search engines like Google.

Use color photos related to your services. For example, this ad is about Iran's zoos, and photos of the entrance to the zoo, existing animals, and the route should be considered.

Record Video By Uploading The Iframe Code In The Iranian Zoo Advertisement

The impact of the video on an ad can help improve your ranking, and consider that the general public can make a final decision by watching the video better, and especially in the case of introducing the zoo.

You can use the **video recording tutorial** to upload a video in your ad .

It is recommended that your video be less than 3 minutes and be displayed as a teaser and have a volume of less than 100 MB.

Upload video with iframe code

Registration Of The Purpose Of Advertising An Animal Zoo In Iran

By creating a goal, you can have a better view of your services in the animal system. By selecting your target, a small image of the target topic will be displayed next to your ad in the categories.

Choosing a target is very important for improving the display as well as searching the system, and you should record this feature with prior thinking.

Marketing

If your zoo ad is in the form of marketing and advertising, you can choose this option.

Sales

If your goal is to sell the zoo, you can target the ad with this option.

Rent

If you want to rent your zoo, you can use the rental option.

Notifications

If your goal is to announce tariffs, discounts, openings, etc., you can advertise your zoo in this way.

Type of service in registering ads for Iranian zoos

The type of service in the ads can be a solution for your specialized services.

It should be noted that by selecting this option, applicants can realize an important issue with the following topics:

Type of service : Main job

Type of service : Second job

Type of service : Recreational

These options can work well for personalized zoo ads that are from a collection of specific animals, for example:

Someone breeds special species of snakes and considers this part as a recreational service.

Or another person is a breeder and also has a parrot zoo and considers this as part of his second job and the first job of this person is parrot breeders who have registered another advertisement for parrot breeding.
Registration Of Text Address For Iran Zoo Advertisement :

By registering your location, you can take advantage of this to your friends who do not want to use the map and are not familiar with map reading.

Title registered in this section as follows :

City name

City Name

Postal code

	City
Qazvin	

	City
qazvin	

	Postal code
321441	

Registration Of The Zoo Area In The Advertisement Of Iran's Zoos

It is very important to record the size of your zoo. Consider that you have a private zoo and a large number of visitors that you can not provide proper services, and this will cause inconvenience and reduce your reputation.
It is better to record the exact size of your zoo for public viewing.

The area should be recorded in square meters .

Registered Zoo Entrance Ticket Tariff

Registration of the zoo ticket and entrance fee can give visitors the privilege to visit the zoo individually or as a family.

Register The Emergency Number Of The Zoo Management

It should be considered that by registering an emergency number, you can prevent accidents.

A certain event may occur at the zoo and this can be resolved by telephone.

Trained Animal For Handing Over

In this section, the zoo can, if necessary, offer the animals that can be offered to the applicants by promoting the traces of trained animals.

There Are Two Options In This Section As Follows :

have

Do not have

Record How To Buy The Product From The Zoo

Select the option of offering the product in person or in person at the zoo or send it through special posts for animals.

There Are Two Options In This Section As Follows :

Buy in person only

Send online and buy in person

Registration Of The Number Of Medical Staff In The Advertisement Of Iranian Zoos

In this regard, you can enter the number of your treatment staff numerically and this will greatly help the credibility of your zoo.

Zoo Management Registration

Adding the name of the zoo manager is very important and this section provides the applicants with the manager.

The Name Of The Registered Senior Veterinarian Of The Zoo

You can increase the credit of the collection by writing the name of the senior veterinarian.

Zoo Donation Account Number

By registering this section, you can receive financial aid and people who are interested in donating money to Iran's zoos can also help your collection.

Name Of Account Holder

There will be no problem with registering the account holder to pay.

09384279419	Emergency number
⌄ I do not have	Trained animal for handing over
⌄ Send online and buy in person	How to buy a product
0	Number of treatment staff
test list	Zoo management name
test list	Name of senior veterinarian
0	Donation account number
paradise supply chain	Name of account holder

Registration Of The Company If The Complex And The People Of The Zoo Are Managed Through The Company

By registering the company details, you can easily increase the schedule and characteristics of your ad, or if your collection is not managed as a company, you can fill in the details of the company section, except for the company name, which includes the following:

 Company Name: Enter the company name

Logo or brand: which is the best way to load the logo size of 250 **px in 250px,** should be considered. After registering the ad, this section will be opened for uploading photos.

Mobile number: Register the mobile number of the company management or secretary

Website: Website address as a link can have a good output for advertising your collection.

Facebook link: If your zoo and collection has a Facebook social network, you can upload the channel or network link.

Twitter link: If the registered collection or zoo has a Twitter link, you can register the link in this section.

Instagram link: If the registered zoo has Instagram, you can fill this section with the link.

Telegram link: If the zoo has a Telegram channel or group, you can upload the link in this section.

YouTube link: If the zoo has a YouTube channel, by adding a channel link, this section can have a good output for your channel.

Membership in the National Forum: Uploading your user link that is active in the forum can have a good output in the field of questions and answers, and applicants can ask you in this section if you have any questions, and also if your questions and answers as If there are ads in the forum, you can get a positive output.

Training Center Channel: If you work in the video training center and receive a training channel, you can share the channel link for applicants, it should be considered that the training center channel can have a good input in the field of science and advertising of your center.

Company Description: In this section, you can upload a brief description of the zoo complex and the management company, considering that the description is not more than five lines.

Working hours of the zoo management department

In this section, you can record the working hours of the secretary or the administrative section of the collection or company, for example, 8:00 to 16:00.

Specialized details of Iran Zoos advertisement

By selecting the options, you can greatly help the performance of your ads, and this section is done simply by clicking on the empty square.

Note that the free package has option selection restrictions and you can not click on all options.

Select Languages Fluent Option

Choosing language options can greatly help the credibility of your collection in attracting tourists.

If you have a translator or introduction to the collection in other languages, you can select the relevant options.

Animals Covered By Iranian Zoos

In this section, a list of animals has been uploaded, and their photos are also available next to the box. By selecting the desired box, you can display the photo of the animal and the name of the animal in your ad.

This section can have good information in the field of registering ads for Iranian zoos, and applicants who are looking to visit certain animals will be attracted to your collection in this way.

Categories Of Animals Covered In The Iranian Zoo Advertisement :

Bird category: which includes the bird family.

Category of reptiles: which includes the family of reptiles.

Mammal category: which includes the mammalian family.

Amphibian category: which includes the amphibian family.

Aquatic category: which includes the aquatic family.

Note that if there is no specific species you want, you can discuss the matter with the system management and the desired section or list of the desired species will be added for you.

Ability To Keep Animals Registered In The Zoo Advertisement

This section has three options and you can organize your zoo advertisement in the field of maintenance and display by selecting the options.

The Sections In The Animal Care Field Field Are As Follows :

pet care

Keeping pets

Keeping wild animals

Advertising in the animal system for Iran's zoos can have a high output in terms of segregation, classification and also attracting tourists. To register an ad, simply click on the river option at the top of the system.

You can see specialized explanations about registering a free, medium and special plans in the same entry section.

Consider that our goal is to help Iranian collections and we will work to develop the system on a daily basis.

Your criticisms and suggestions regarding the performance of the system and the registration of advertisements for Iranian zoos can be of great help to the development of the system.

Pet ☐

Domestic animals ☐

wild animals ☐

Be victorious and proud.
